

Room 204 is now full of clay work, pieces of tile ready for the mosaic, and students full of imagination working in groups with Takata-sensei. 3rd graders completed their bridge & people work, 1st & 2nd grades worked the flowers, branches and birds. 5th graders made a super cool big heron and they worked on other fish today. Please come visit room 204 to see their work under the guidance of our artist in residence, Takata-sensei.

The crane for the mural, made by students from 5th grade.

The tree with squirrels and birds, made by students in 1st grade.
